### Excellent for initiation to target shooting and recreational shooting!

Single shot air pistol pistol operated by piston housed in the cylinder head, pre-compressed system. Adjustable fiber optic trigger and sights. Reinforced cylinder head gaskets to eliminate leaks!

Good performance for target shooting at 10m and perfect for having fun shooting cans and gongs.

The Beeman P17 Deluxe air pistol fires diabolos and offers exceptional precision and power. The PT17 operates with a single cylinder that is activated by opening and closing the articulated yoke. Designed in Germany, this one-shot compressed air model achieves a maximum speed of 410 fps (125 m / s) without any recoil and without CO2 cartridges.

The trigger designed for target shooting offers a clear and precise start. In addition, it is adjustable by a screw located on the front of the trigger. The ergonomic handle improves shooting comfort and contributes to precision. The polymer structure is durable and lightweight, the die-cast aluminum slide and the steel striped barrel provide long life and consistent accuracy.

- Automatic security to release for each shot.
- Fiber optic sights.
- Adjustable rise in drift and elevation.
