A small, reusable dehumidifier for a briefcase or handgun case.

- Material: Porous silicon nanoparticle
- Packaging: 4 blocks
- Usable in 5L handgun cases or 20L safes
- Absorbs moisture for 30 days, absorption volume: 9g + or - 10%
- Reusable after microwave for 5 minutes

The SILENT DRY Invisible dehumidifier uses patented technology to absorb humidity in a confined environment. The material it uses is eco-friendly and does not prove to be harmful to users.

It allows to preserve humidity, condensation; mold or rust, his weapons or sensitive equipment such as his optics, his electronic accessories, or his photography equipment.

Easy to use, it can be placed in its pistol case or in a small volume safe. After 30 days of use, a passage of 5 minutes in the microwave, makes it operational again.

Its compact size allows it to be placed anywhere.

For optimal performance, it is advisable to replace your dehumidifier every 5 years. During this period, the number of renewals in the oven or microwave remains unlimited.
