AEG Lancer Tactical generation 3 with programmable electronic trigger!

The new GEN3 Lancer Tactical series offers the same characteristics as the Proline series by combining a Gen2 Series Polymer body and an ETU NEBULA programmable electronic trigger, making it one of the most versatile and powerful products on the market!

Thanks to its new Nebula V2 ZION Arms electronic trigger with magnetic sensor, this replica is extremely regular when firing (2-3 fps difference on average) and generates a rate of fire of between 23 and 25 shots per second (depending on the battery used), with several firing modes: semi, semi only, full auto, burst 2-3-4-5 shots and binary!

Battery and battery charger not included

11.1V Lipo recommended.
