A complete package for a defense that packs a punch!

Pack consisting of:

- 1 CD50 pistol with a power of 13 joules
- 2 6-shot magazines
- 5 sparklets of 12g of CO₂
- 10 Concorde Defender Black Rubber Balls
- 12 blue rubber balls
- 1 bottle of silicone lubricant
- 1 storage case

Equipped with a removable 6-round magazine, the Concorde Defender CD 50 allows for rapid reloading and semi-automatic use for increased responsiveness. The CO₂ rapid-pierce system, located in the grip, ensures immediate activation in an emergency. A control window allows you to see the number of remaining projectiles, thus avoiding unpleasant surprises. The ambidextrous safety, positioned at thumb level, offers intuitive use for both right- and left-handed users.

Technical information:

- The CO₂ cartridge is installed head down in the pistol grip
- The percussion mechanism is entirely metallic and particularly resistant.
- It is possible to fire several magazines (sold as an option) with a 12g CO₂ cartridge.
- The Concorde Defender pistol is not compatible with plastic-skirted steel pellets.

- **It is important to lubricate the balls well before inserting them into the magazine to facilitate their insertion into the weapon.**
- Delivered without CO2 sparklets, to be purchased as an option.

Sold in single packs - Overpackaging: box of 6 packs.
